

Notice of Asbestos Removal Work

To Titahi Bay School Whanau,

During the current renovations to rooms 12/13 asbestos was identified in the lagging of the hot water heating pipes in the sub floor, at this point work was immediately stopped and the Ministry of Education advised. After taking advice from the Ministry and a licensed asbestos removalist, a removal plan has been developed and implemented. Due to the nature of the work WorkSafe NZ has been notified and has reviewed and accepted this plan.

Removal work will take place starting on the 16th of December and will be completed by the 24th of December and Fibre Safe will be conducting a full site inspection as part of this removal process.

The following safety measures will be put in place and maintained for the duration of this project:

- Signs, barriers and/or temporary fencing will be installed.
- PVA solution or water will be applied to asbestos containing materials to prevent airborne asbestos fibres dust (as required).
- Asbestos containing materials will not be broken, where possible.
- Plastic will be used to cover horizontal surfaces and surrounds.
- Asbestos containing material will be wrapped on site and disposed of at an approved tip site
- Air monitoring at the work site boundary will be place for the duration of the work. If asbestos fibres above the allowable safe limit are detected, work will cease immediately and corrective measures applied
- An independent party will carry out an inspection of the site on completion of the work, and issue a clearance certificate.

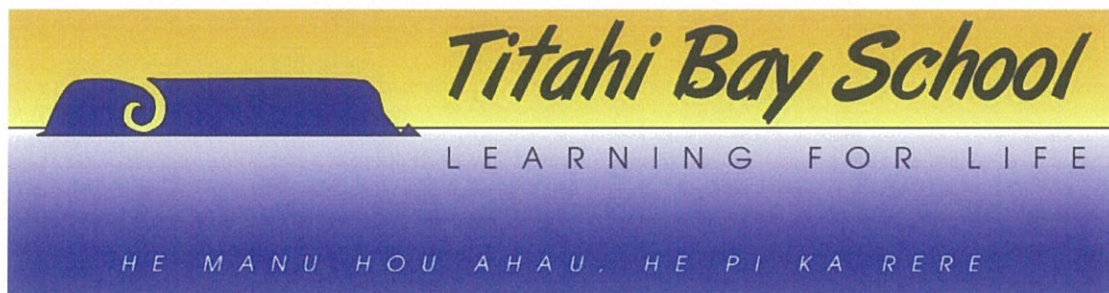

The Ministry of Education website has further information about the management of asbestos and procedures to ensure the safety of all involved in or affected by the work, at the school and community. This can be found on: www.education.govt.nz/school/property/state-schools/fixing-issues/asbestos/

Additional information about asbestos removal and/or Asbestos Removal Licences can be found on WorkSafe NZ's website <http://www.business.govt.nz/worksafe> or by phoning **0800 030 040 (24 hours)**.

If you have any questions or concerns about this removal work, please feel free to contact **Ward Demolition** www.ward-demolition.co.nz
