Dear Parents,

### Common Unity Project Aotearoa

Amanda Dickens, a parent of a Room 7 student, has offered to take a group of 4 students to visit the Common Unity Project Aotearoa in Naenae on **Tuesday 9 April**.

This trip is related to Garden to Table work being done in Room 7. The students taking part in this trip will do a small research project about it.

For this visit the students will be travelling with Amanda by car to the venue and back. They will be leaving school at **9.30** and returning at **2.30**. The children will need to take their bags with lunch and a drink bottle, a coat and suitable shoes. (Not sandals or slides.)

There is no cost for this trip.

Some information about the Common Unity Project:

<https://www.commonunityproject.org.nz/projects>

In 2012, the Common Unity Project Aotearoa started as a pilot project to explore the idea that, by inviting a community to partner with us and celebrating the strengths that we have, we might together address some challenges that affect us all.

We are a registered charity that works collaboratively with community, schools and organisations across Lower Hutt. Our Mission is to ensure Every Child has a Village. We believe that in order to achieve this, we need a collective response to meeting the needs of our children and developing our own resilient solution within our community.

Every week we're joined by both local and wider community. We always welcome help, input and ideas to grow food, create enterprise and support one another.

Our community builders give support and help to our community, and in return, we can offer help in their own gardens, produce from ours, a bike from our bike library, or honey from our bees. In this way, our community builders become a movement of people committed to creating authentic change where it's needed most – in community.

Find out more about our projects and come join us. Together, we grow.

Regards  
Sharon Hartley
