13/3/19

Dear Whanau,

### **Digital Technology Parent Night**

We would like to invite you to attend a whanau information evening about Digital Technology, to be held on Tuesday 26/3/19. This will be held in Rooms 12 and 13 and will be between 6.00 pm - 7.00 pm.

This is a chance to see what digital devices your children are using at school, how they are being used and how you can be involved.

During this session, we will discuss safety when using devices to access the internet. We will also talk about the types of technology the tamariki use at school, what they use it for, how we monitor their use, and how you can support them in their learning. This will be a hands on session so bring your child along also.

We look forward to seeing you there.

Also, please ensure your child has discussed with you their Kura for Chromebooks contract and that this has been returned to their teacher. These need to be returned by Monday 18th March.

Regards

The Nga Manu o te Ako and Te Whare Māia teams
