

**Wednesday 23 NOVEMBER**

**MAHINAWA STREAM CLEAN UP**

Dear Parents and Caregivers

A group of students from Mana College are holding a big clean up at Mahinawa stream on Wednesday and they have invited pupils from our school to join them. Students from the whanau unit have noticed:

“The stream is very dirty and has a lot of rubbish in it”  
“Some of the fish are stuck down here due to being blocked by pipes”

Your child has shown an interest in joining the clean-up, if you are happy for them to participate in this please sign the slip below.

It is important that your child arrive to school **no later than 8.40 am** on Wednesday. We will leave from school just before 8.45 am, as we are meeting Mana College students at 9 am on the Hockey Turf at Mana College field. Please remind your child to go straight to Room 10 as they arrive to school as we will leave from there.

They will need to bring the following:

- **Water bottle.**
- **Snack for morning tea.**
- **Suitable shoes e.g. trainers, gumboots, old shoes that can get dirty.**
- **Hat.**
- **Rain jacket (depending on the weather)**

If you are free on Wednesday, your support to help supervise the clean-up would be very much appreciated. We do require **four parent helpers** to accompany us on the day for our trip to go ahead. Please indicate on the slip below/email [nicky.bell@titahibay.school.nz](mailto:nicky.bell@titahibay.school.nz) if you are free.

There will be a big kai at the end of the Mana clean-up, over at Takapuwahia Whare kai (time TBC on the day). For further details visit the Facebook page 'Mahinawa Clean Up'.

We're looking forward to working with the students of Mana College to make a better environment for our community.

Regards

**Nicky Bell**  
**Room 10**  
**Ngahere Team**
