New Class Visit December 12th
School closes at 1pm December 16th

Athletics

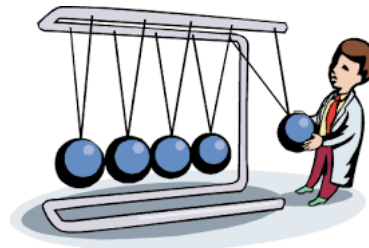

Our focus this term will be on Athletics weeks 1-4. We will be running this Monday and Thursday. Please refer to key dates for Athletics Day. Can you please help us to remind your child to dress appropriately for this. We will then be focusing on Target Throwing weeks 5-9.

Encouraging a life long love of learning

- Maths Whizz at home for a minimum of 30 minutes 3 times a week
- Children may bring home a text to read with you or encourage them to choose a book from the library to read each night
- Attached is a list of spelling words used in writing. Please make a time to practice these

Term four—Let's Make it Awesome!

What an incredible year we are having here at Titahi Bay School in Nga Manu o te Ako hub. We have celebrated much success across all learning areas. Term four is always a fun time to be at school, as the sun is shining so we can get outside in the fresh air. Keep up the good work at encouraging the children to keep up progressions on Maths Whizz and reading for enjoyment.

Sciences—Forces and Motion

This term our hub topic focus is Science—Forces and Motion. Children will be exploring ideas such as gravity, friction and flight. We would appreciate donations of recycling to help build machines such as plastic bottle tops, plastic containers, egg cartons, old cds etc.

Sun Smart Term 4

A reminder to send your child to school with a sun hat this term. The hat needs to be named and kept at school for the duration of the term.
