

PEDAL READY YEAR 6 TERM 1 2016

Dear Parents and Caregivers

Senior students in Year 6 will receive an **additional Grade 2 program** with Pedal Ready which focusses on group riding on the road to ensure they get lots of practice with decision making. There will also be some basic bike handling training to cater for any children who are working on this, as well as improving their overall confidence when cycling.

Please see below for the key session date for your child. **It is helpful if your child brings their own bike and helmet to school on the dates they are working with Pedal Ready as they will be more confident at handling a bike they are already familiar with.** If your child does not have a bike, they may use one of our school bikes or they can organise to use another child's bike at the time of their session.
